REMARKS

The present response is intended to be fully responsive to the Notice. Favorable reconsideration and allowance of the application is respectfully requested.

Applicant asserts that the present invention is new, non-obvious and useful. Prompt consideration and allowance of the claims is respectfully requested.

This Application was originally filed with two versions of claim 22. In a March 30, 2009 conversation between the undersigned and Examiner Adriene D. Sellman (who signed the Notice), Examiner Sellman explained that to cancel one version of claim 22, that version should be eliminated from the claim listing without any mark or indication (e.g., without marking the claim "cancelled"). These instructions are reflected in the revised claim numbering above.

Claims 1, 5-9, 13-17, 21-26, 28-31, 33 and 34 are pending in the application. Claims 1, 7-9, 13-17, 24, 25, 29, 31, 33 and 34 have been amended. No new matter has been added.

Claims 2-4, 10-12, 18-20, 27 and 32 have been canceled without prejudice or disclaimer.

Per the Notice, only the non-compliant portion (the claim listing) is included with this paper.

CONCLUSION

In view of the foregoing amendments and remarks, Applicant asserts that the pending claims are allowable. Their favorable reconsideration and allowance is respectfully requested.

Should the Examiner have any question or comment as to the form, content or entry of this Amendment, the Examiner is requested to contact the undersigned at the telephone number below. Similarly, if there are any further issues yet to be resolved to advance the prosecution of this application to issue, the Examiner is requested to telephone the undersigned counsel.
